

Where is Hallett Bess located?

About the Hallett BESS The Hallett BESS will be located near EnergyAustralia's Hallett Power Station in Canowie, 210km north of Adelaide. The Hallett BESS will have an initial storage capacity of 50MW and discharge capacity of up to 200MWh and be able to power up to 80,000 homes and small businesses for four hours.

How many mw can a Hallett Bess power?

The Hallett BESS will have an initial storage capacity of 50MW and discharge capacity of up to 200MWh and be able to power up to 80,000 homes and small businesses for four hours. EnergyAustralia has development approval and an ambition to expand its capacity to 150 MW and 600 MWh after the successful completion of Stage 1.

Where is EnergyAustralia's 'Biss' & 'Hallett' battery energy storage system located?

The Commonwealth Minister for Climate Change and Energy the Hon Chris Bowen has this morning made the announcement which specifically includes EnergyAustralia's 350MW/1400MWh Wooreen Battery Energy Storage System (BESS) to be located in the Latrobe Valley, Victoria, and the 50MW/200MWh Hallett BESS to be located in Canowie, South Australia.

Why is Barbados partnering with the Bess consortium?

Barbados is committed to playing a leading role in urging concrete deliverables on climate and climate financing. We are here with the BESS Consortium today because we support their efforts to improve access to battery energy storage systems as part of the energy transition in countries like ours.

Where will Bess be built?

It will be co-located at the site of the Clements Gap Wind Farm, which has a generating capacity of 56.7MW. The Clements Gap BESS will be the company's first energy storage system. Construction started in June 2024 and will commence operation in 2026.

EnergyAustralia Hallett Bess Pty Ltd is a Victoria based Australian Private Company, its ABN was registered 5th August 2024. It's registered for GST. Entity Info. Business Name: EnergyAustralia Hallett Bess Pty Ltd: Entity Type: Australian Private Company: Status: Active: GST Registered: 5 August 2024 (2 months, 4 weeks ago)

Of the total approved tenders, 1,996 MWh was allocated to South Australia, namely ZEN Energy's Solar River Energy Storage System (ESS), Pacific Green Technologies' Limestone Coast West Battery Energy Storage System (BESS), Pacific Blue's Clements Gap BESS, and EnergyAustralia's Hallett BESS.

The Hallett Battery Energy Storage System (BESS) would have an initial storage capacity of 50MW and discharge capacity of up to 200MWh and be able to power up to 81,000 homes and small businesses for four hours. Daniel Nugent, Head of Portfolio Development at EnergyAustralia, said: "We have already made good progress in planning the Hallett
