

What is a glass globe?

Available in a range of metals and finishes, it can punctuate a vast ceiling with its warm glow or trickle down a wall--the possibilities are endless. The glass globes, whether clear, white or smoky gray, are like delicate vases set just slightly askew.

Can a planet globe bring the Solar System into your home?

A planet globe can help bring the Solar System into your home. Our selection of mars globes and planetary MOVA globes is perfect for anyone who wants to learn more about our universe. You can see all the different planets and their moons in detail as these globes are rotating. They also make great decorations for any room in your house.

What planets are included in a solar system design?

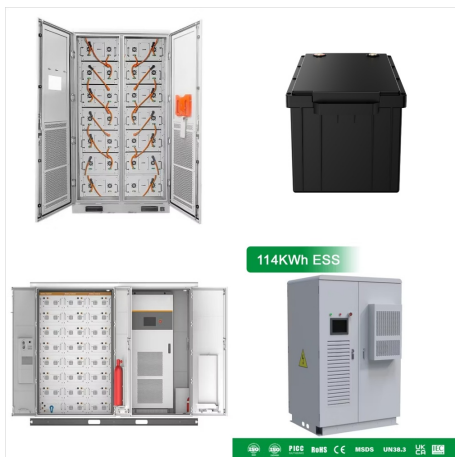

All designs use images directly from NASA to display an accurate depiction of the planets we all know. Our solar system set contains our most popular globe design, the Earth with Clouds MOVA Globe. Also included is the Mercury, Venus, Mars, Jupiter, Saturn, Uranus, and Neptune MOVA Globes to complete your solar system model.

Using an old ceiling fan glass globe to make a new solar light is so easy that you'll wonder why you didn't do it years ago???or maybe you did and didn't tell me. It's time for our Thrift Store Decor Team monthly challenge. This month, I'm using glass globes from old ceiling fans to update some solar lighting in my yard.
