

Why should you choose Green Mountain Energy?

If you have solar panels, you can get rewarded for your excess solar energy. Why choose Green Mountain Energy? We buy back the excess electricity you produce. When you need energy from the grid, we match your usage with 100% renewable energy. We share your goal of making a positive impact on our planet.

Does Green Mountain Energy offer a Renewable Rewards buyback program?

Green Mountain Energy also offers a Renewable Rewards Buyback Program, where you receive credit for excess energy produced by your solar system. Green Mountain Energy offers services in seven states, working with regional utility providers to deliver electricity in deregulated markets.

What is a Renewable Rewards solar buyback plan?

Let us help you make the most of your investment with Renewable Rewards -- the Green Mountain Energy solar buyback plan that gives you credit for excess renewable energy produced by your solar panel system. When you sign up for a Renewable Rewards plan, you can save on your energy costs and shrink your carbon footprint, too.

Does Green Mountain Energy have a prepaid plan?

Variable-rate plans: These plans don't require any contracts or ETFs, but the price may change from month to month. Green Mountain Energy does not offer no-deposit or prepaid plans, so you may have to pay a deposit when you begin service.

Does Green Mountain Energy offer a fixed or variable rate plan?

Green Mountain Energy offers multiple types of fixed- and variable-rate plans to its customers. Fixed-rate plans: Your price per kilowatt-hour (kWh) is locked in for the term of the agreement, but you'll pay an early termination fee (ETF) if you cancel before the contract ends.
