Company Profile & Annual Report for Green Street Power Partners Green Street Power Partners is classified as operating in the Electric Power Generation, Transmission & Distribution industry, NAICS Code 2211.

I had solar panels installed on my home by Green Street. They were very knowledgeable and helpful picking out the right system for me. My panels aren't very visible from the ground, so I didn't need the more expensive but prettier panels that most other places were pushing. The prices were competitive and they use high quality panels and inverters, so I ???
