

Where is AVIC lithium located?

On August 10, 2021, AVIC Lithium and Hefei signed an investment agreement, and the 50GWh power battery and energy storage battery industrial base project was officially settled in Changfeng County, Hefei.

Who is AVIC lithium battery?

AVIC Lithium Battery AVIC Lithium Battery Co., Ltd., a subsidiary of Aviation Industry Corporation of China, is a high-tech new energy enterprise specializing in R&D and the production of lithium-ion power batteries and lithium battery management systems.

When will AVIC lithium be on the market?

The products using this technology, iron-lithium support 700km battery life, ternary support 1000km battery life, are expected to be on the market in June 2022. The technical release of AVIC Lithium has aroused a strong response on the scene and has attracted great attention from industry experts and colleagues.

What is the production capacity of AVIC battery?

The current effective production capacity is about 1Gwh, and its main customers include JAC, Geely, FAW, Dongfeng Motor, Nanjing Jinlong, Xiamen Jinlong, Zhongtong Bus, and Tianjin Qingyuan. 5. AVIC Lithium Battery

What is the market share of AVIC lithium battery in 2020?

In 2020, the domestic market share of AVIC lithium battery power lithium battery installed capacity is 6.08%, ranking fourth. If LG Chem is removed from foreign investment, it will have secured the top 3 power lithium battery in my country. AVIC Lithium Battery is already the core supplier of GAC Passenger Vehicle's Aian and Chang'an Automobile.

Who makes great power lithium batteries?

Great Power started its operations in 2001 as one of China's leading OEM & ODM lithium battery manufacturers. You can use Great Power lithium-ion batteries for consumer electronics such as tablets, IoT, TWS earphones, Bluetooth devices, E-Cigarette, etc.

Creating high-safety, long-life, high-endurance, and high-energy-density product performance is the common direction of head power lithium battery companies. At the CIBF battery exhibition in 2021, the high-energy-density ternary battery system developed by AVIC Lithium Battery will not be fire-proof technology and products for the first time.

[AVIC Lithium heavy Technical Innovation-One-Stop Battery official release] Xie Qiu, general manager of AVIC lithium electric passenger cars, delivered a keynote speech on the development of power battery technology under the new pattern at the 2021 World New Energy vehicle Congress (WNEVC). Xie Qiu introduced AVIC Lithium's thinking on the development of ???
