

The Definitive Battery System, is the most advanced battery system for mobile workstations ever developed. This high-output, long-life, modular battery system uses LiFE battery chemistry, which provides significant performance and safety advantages.

The Definitive Battery System, is the most advanced battery system for mobile workstations ever developed. This high-output, long-life, modular battery system uses LiFE battery chemistry, which provides significant performance and ???

The Definitive Battery System is lightweight, reliable and easy to use. Hot-swapping batteries is simple and the hybrid controller provides backup power without workflow interruption. Choose from 250 Wh internal capacity, 500 Wh internal capacity that provides 12+ hours of runtime and two-battery 500 Wh system that provides 24+ runtime

# GUERNSEY DEFINITIVE BATTERY SYSTEMS

## Features of the Definitive Battery System

DEFINITIVE-250TM Battery ??? Chemistry:

Lithium-Iron-Phosphate ??? Capacity: 250Wh per

battery (up to 3 batteries per cart, 750Wh) ??? Fuel

Gauge: On-battery LED remaining capacity indicator

??? Runtime: Based on your configuration, 24+

Hours is possible ??? Recharge time: 2-3 hours

DTG's MPower 250Wh 120W Output LFP Hot

Swappable Battery System kit includes inverter,

power cord, digital power gauge, DTG controller,

designed to support items like a laptop computer,

small thermal printer, and barcode scanner.
