

Tycon Power Cross over Cable, POE-XOVER-S, converts the output from a standard polarity PoE source to a reverse voltage output. Pins 4,5(-) and 7,8(+). Useful for devices that require a reverse PoE voltage such as Canopy. Works with standard PoE switches, PoE inserters (including POE-INJ-S and POE-INJ-LED-S) and PoE mi

The Tycon Solar RemotePro series outdoor power systems are designed for applications that require a primary off-grid power source to run various electronics. The sealed and weatherproof enclosures have a generous amount of space inside and a removable mounting plate for mounting all types of customer electronics.

Guinea-Bissau (USD \$) Weight: 312 g (11 oz)
Tycon Power Systems POE/Solar charge controllers have dual inputs to charge batteries from a POE source and also a secondary source like solar panels in order to provide redundancy and insure 100% uptime for critical applications.
