

Polarium was founded in 2015 on the conviction that safe, smart and sustainable energy storage solutions will be key to empower the transition to a truly, sustainable energy future. We are an impact business contributing to the sustainable energy transformation by enabling renewables, electrification and intermittent power supply.

Peter Wasmuth, EVP Business Area Telecom, exemplifies what is often referred to as "living the brand". As co-founder of a company that drives positive change through better energy storage and optimization, Peter underlines that vision also outside of work, for example having solar panels on the rooftop of his home.

Polarium issued convertible preference shares to existing investors, according to a statement on Tuesday. They include Harald Mix, who has through his investment vehicle Vargas Holding AB bet big on some of the most high-profile green technology firms in the Nordic country, and pension funds AMF and Alecta, made famous by its \$3.2 billion in losses on US ???

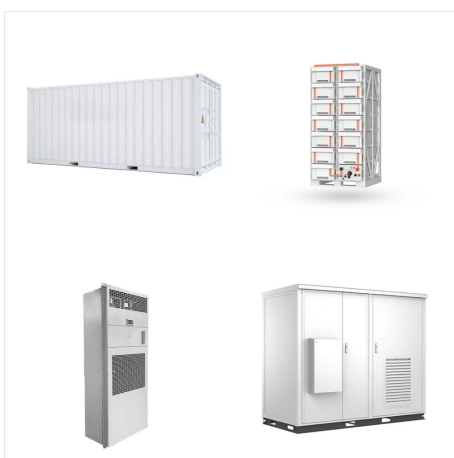

Börsnotering av Polarium Energy Solutions AB på Nasdaq Stockholm . Värdering av aktier och företag för att investera. Uppdatering: Före nyemissionen i augusti 2023: Vargas Holding 36,5 %, Stefan Jansson 11,5 %, AMF 10 %, Alecta 10 %.

Uppdatering: I oktober 2022 köpte Alecta fler aktier, samtidigt som Formica Capital och Absolute Unlisted (Coeli) ???

In the evolving landscape of energy storage, security has become key. As the demand for efficient and sustainable energy solutions grows, so does the need to protect these valuable assets from theft. Energy storage systems are ???

With our combined offering of energy storage solutions and energy optimization, I look forward to continued expansion and international growth." says Stefan Jansson, CEO of Polarium. The FT1000 ranks companies that achieved the highest compound annual growth rate (CAGR) in revenue between 2017 and 2020.

Polarium Battery Energy Storage System. Polarium Battery Energy Storage System (BESS) is a scalable and intelligent product developed by our leading battery experts. The system provides much needed energy storage to enable energy security, the transition to renewables, and the electrification of society.

Polarium, a leader in energy storage solutions, has raised SEK 500 million from existing investors through the issuance of convertible preference shares. This capital injection will strengthen Polarium's position in the rapidly expanding energy storage sector and support its return to growth and profitability. The new capital will strengthen Polarium's balance sheet and ???

About Polarium Polarium is a Swedish company dedicated to providing the best performing, safe and sustainable energy storage solutions built on lithium-ion technology. The company was founded in 2015 based on the idea of how energy storage could empower a smart and sustainable world.

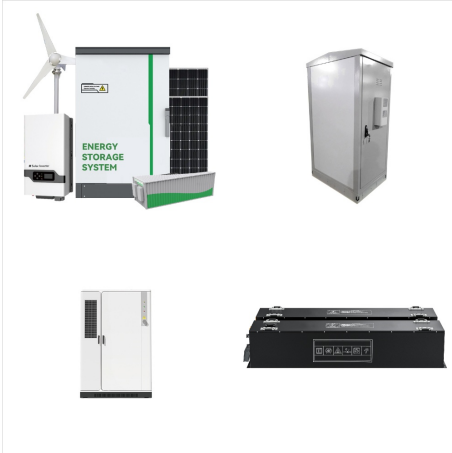

As energy costs become increasingly tied to when energy is consumed, solutions like Polarium Energy Optimization System offer a path to greater efficiency, sustainability, and profitability. By adopting best practices for integrating battery storage, C&I facilities can take control of their energy future and thrive in an era defined by smarter

The factory will be powered by a combination of solar power and Polarium's energy storage solutions, making it a net-positive contributor to the South African energy grid. More than 200 people will be directly employed in the factory, with additional job opportunities created for subcontractors.

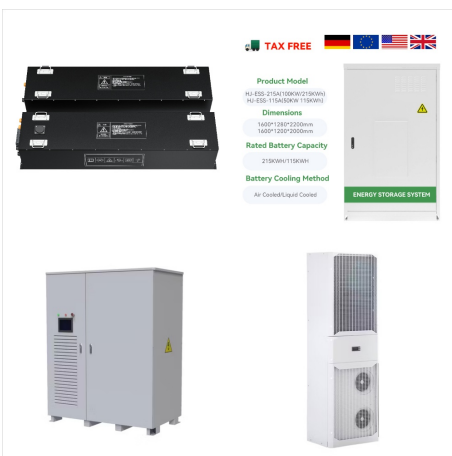

Polarium, a leader in energy storage solutions, has raised SEK 500 million from existing investors through the issuance of convertible preference shares. This capital injection will strengthen Polarium's position in the rapidly expanding energy storage

Polarium, founded in 2015, is on a journey to empower a sustainable world with smart solutions for energy storage and energy optimization built on lithium-ion technology. The fast-growing Swedish unicorn had a CAGR of ~150 percent between 2016-2021 and generated net sales of SEK 1.1B and an EBITDA of SEK 83M in 2021.

Remote communities, disaster-stricken areas, and developing nations can benefit from decentralized energy solutions powered by energy storage. Microgrids, supported by energy storage systems, provide dependable power to these underserved regions, fostering economic growth, education, and healthcare access.

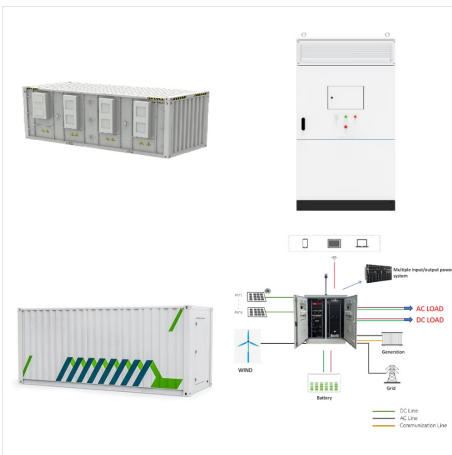

Polarium was founded in 2015 on the conviction that safe, smart and sustainable energy storage solutions will be key to empower the transition to a truly, sustainable energy future. We are an impact business contributing to the sustainable energy transformation by enabling renewables, electrification, and intermittent power supply.

Battery energy storage systems are essential for enhancing the modern energy supply chain's stability, efficiency, and sustainability. At Polarium, safety is always our first priority, and our products are designed to meet the highest safety and quality standards. As lithium-ion batteries (LIBs) becomes an increasingly important part of our daily lives and in the transition [???

The Power Shift: Gr?nlunds PI?t's Strategic Leap with Polarium's Energy Solutions. Gr?nlunds PI?t installed an Energy Optimization System from Polarium in 2024. The solution was installed to enable Gr?nlunds to secure that they always have energy available when they need it, reduce their exposure towards the volatile energy market by

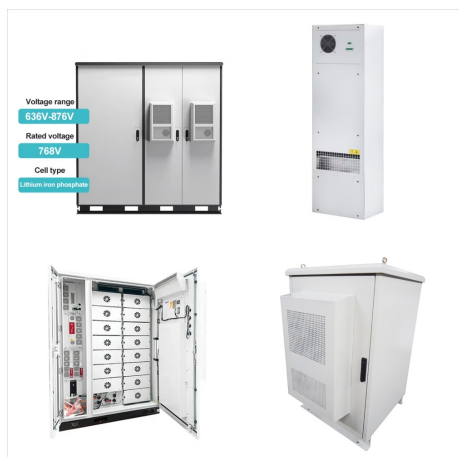

Protect your business from unreliable power supply caused by blackouts or planned shutdowns. Our energy storage solutions built on lithium-ion batteries enable you to secure critical reserve power ??? with a more attractive CO2 ???

Powering Profits: Lindberg & Son's Energy Optimization with Polarium. To support their ambition of achieving fossil-free recycling, logistics, and transportation, Lindberg & Son's sought out Polarium's innovative energy solutions and chose to install a 700 kWh Polarium Energy Optimization System. Industrial. Read case

Protect your business from unreliable power supply caused by blackouts or planned shutdowns. Our energy storage solutions built on lithium-ion batteries enable you to secure critical reserve power ??? with a more attractive CO2 footprint, total cost of ownership, lifetime, and energy density compared to alternatives such as diesel generators or lead-acid batteries.

Polarium | 17 817 f?ljare p? LinkedIn. Unlock endless energy. | Polarium is a leading energy storage developer. We make energy storage and optimization solutions built on lithium-ion battery technology for businesses within telecom, commercial and industrial facilities across the world. Polarium was founded in 2015 on the conviction that safe, smart and sustainable energy ???
