

Where is Hallett Bess located?

About the Hallett BESS The Hallett BESS will be located near EnergyAustralia's Hallet Power Station in Canowie, 210km north of Adelaide. The Hallett BESS will have an initial storage capacity of 50MW and discharge capacity of up to 200MWh and be able to power up to 80,000 homes and small businesses for four hours.

How many mw can a Hallett Bess power?

The Hallett BESS will have an initial storage capacity of 50MW and discharge capacity of up to 200MWh and be able to power up to 80,000 homes and small businesses for four hours. EnergyAustralia has development approval and an ambition to expand its capacity to 150 MW and 600 MWh after the successful completion of Stage 1.

What is Clements Gap Bess?

The Clements Gap BESS will be the company's first energy storage system. Construction started in June 2024 and will commence operation in 2026. The final project in South Australia to be successful in the latest CIS tender is EnergyAustralia's 50MW/200MWh Hallett BESS, located 210km north of Adelaide.

Of the total approved tenders, 1,996 MWh was allocated to South Australia, namely ZEN Energy's Solar River Energy Storage System (ESS), Pacific Green Technologies' Limestone Coast West Battery Energy Storage System (BESS), Pacific Blue's Clements Gap BESS, and EnergyAustralia's Hallett BESS.

The Hallett Battery Energy Storage System (BESS) would have an initial storage capacity of 50MW and discharge capacity of up to 200MWh and be able to power up to 81,000 homes and small businesses for four hours. Daniel Nugent, Head of Portfolio Development at EnergyAustralia, said: "We have already made good progress in planning the Hallett

William Hallett was born in December 1616 in Bridgeport, Dorset, England, the fourth of five known children and only son of Richard and Agnes Alford Hallett. ("Bess") Fones Winthrop and her mother-in-law, Marygaret Tyndal Winthrop. The sailing was the second voyage of the Lyon to Massachusetts.
