

The company's production base in Laos plans to build 9GW of battery plates and 3GW of high-efficiency solar cell panel assembly equipment, on a construction site of about 32 hectares, which is the largest solar cell equipment production centre in the world after China.

, PV cell and module manufacturer SolarSpace has announced the launch of its first phase production of 5GW high-efficiency PV cells factory in Laos. The Ceremony was grandly held in the Saysettha Development Zone, Laos.

The deep cycle solar gel battery has a service life of up to 10yrs and provides cycle life of 3000times. Portable and light weight. High and low temperature resistance. Maintenance-free, free of lead-acid and sulfuric acid, non-toxic, ???

Maintenance-free Deep Cycle AGM Battery. 12V 200AH @10hr rate Absorbent Glass Material, Maintenance free, Deep cycle, Approx. 57.0 Kg, Cycle use voltage of 14.6 V~14.8 V @ 25???, 50% DoD 24 months warranty and 12 years design life

This document provides specifications for the HANTI JM 12-200 SERIES lead-acid battery. The battery has a nominal voltage of 12V and capacity of 200Ah. It is intended for applications such as UPS/EPS systems, power systems, telecommunications, and emergency lighting.

China-based SolarSpace, a well-known solar cell vendor recently turned module maker, is unique in that it has built production capacity in Laos. The company's Corporate Vice President, James Hu, spoke about the rationale behind this move and the company's business strategy for the US market at RE+ 2024.

According to the agreement between EDL and EDL-Gen Solar Power Limited, solar power electricity generation with 100 megawatts are set for 2 phases: Phase 1 with installed capacity of 32 megawatts are planned in Vientiane capital
