With a power output of 415W, this panel ensures  
 efficient and reliable energy generation, perfect for  
 projects that require steady and consistent power.  
 Its advanced half-cut cell technology maximizes  
 energy conversion efficiency, even in low-light  
 conditions, delivering continuous and dependable  
 solar power.

As of the end of 2022, Hanersun has cumulatively  
 delivered over 11GW solar modules to more than 80  
 countries and has developed and built 600MW of  
 solar projects in the Asia Pacific. Our branches have  
 been set up in Europe, the US, ???
