HOW TO SET UP BOSE SOLO 5 TV SOUND SYSTEM

We are having a few issues with connecting a Bose Solo 5 sound system to a Panasonic Viera TV. We have followed the instruction manual and connected the sound system to the TV via an optical cable, using the appropriate ports. However when turned on, there is no sound from the sound system.

We hook it up to a 32in Samsung set and settle in with Gravity on Blu-ray. Immediately the Solo 5 lays its cards on the table, dialling up the volume to a decent level, and adding clarity and weight compared with the TV's native sound. Overall the Bose Solo 5 is a simplistic soundbar that ultimately achieves its two main aims ??? to boost

Follow the steps to connect the Bose soundbar to your TV using an Optical Cable: Firstly, go get an optical cable. Now, connect one end of the optical cable to the Bose soundbar and the other to the TV. Go to the audio output settings in your TV and select optical cable. Lastly, you need to go to the audio source on Bose soundbar and select

HOW TO SET UP BOSE SOLO 5 TV SOUND SYSTEM

If available, use a 3.5 mm stereo-to-dual RCA adapter cable to connect the device headphone jack to your Bose system. If the device does not have a headphone jack either, it cannot send audio to another system???like your Bose system. In this case, connect the output of the audio source (i.e. the cable box or DVD player) to the Bose system.
