French independent renewable power producer Qair has bought a 50% stake in a unit of Iceland-based hydrogen refuelling stations provider Orkan to create a green hydrogen infrastructure network replicable in other countries.

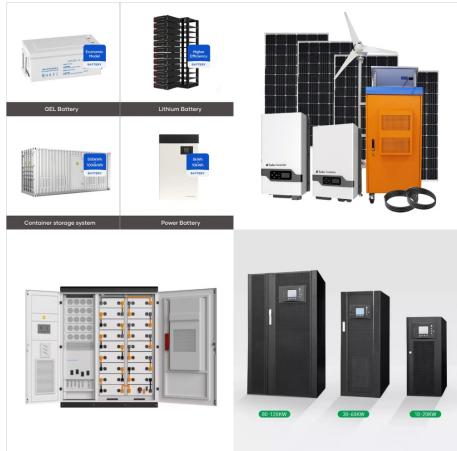

Website: We specialize in super Li-ion battery R&D, design, assembling and marketing. Compared with traditional Li-ion battery, super Li-ion battery is much safer, free design & assembling, and splendid consistency. Besides, our automatic production ensures battery stable quality and consistency. CES 2017. Similar

French renewable energy producer Qair has announced its purchase of half the shares of H2 Iceland (owned and operated by Orkan) with the objective of tripling the number of hydrogen refuelling stations (HRS), from the current two to six.
