

Who is huasun energy?

Huasun Energy is a pioneer and the biggest HJT solar module and cell manufacturer in the world. Huasun is a technology leader and an innovation driven HJT focused company. We have already reached 10GW production capacity of both HJT cells and modules and will reach 20GW production by 2023E.

Who is huasun?

Digging into cutting-edge technical innovation and revolution, Huasun gathers the most experienced talents in HJT field, and forms a super R&D team led by authorities in the industry, to explore effective approaches to improve solar cell efficiency, and pursue the low-cost but productive mass production of HJT solar cells and modules.

Is huasun the world's largest HJT manufacturer?

Huasun now owns 2.7GW capacity of high-efficient HJT solar cells and modules respectively, ranking as the largest HJT manufacturer in the world. The company plans to achieve 38GW HJT capacity by 2025.

How much power does a huasun solar module have?

Huasun modules have achieved max power of 744.43W which is one of the highest in the module industry and plenty of other innovations which will help in increasing the module efficiencies and lowering the production costs. What role does research and development play in Huasun Energy's strategy for staying at the forefront of HJT solar technology?

Who is Anhui huasun energy?

Confident in the quality of their equipment and processes -- Anhui Huasun Energy Co., Ltd has opened their doors to an independent third party inspection service provider. The data provided here has been collected by the industry's most established solar testing bureau -- TÜV Rheinland. There are 20 foreign trading employees in the company.

How efficient are huasun solar cells?

Huasun is constantly innovating and there are plenty of successful milestones achieved by the company, to list a few; Our Huasun Dali Phase I cell project has achieved a record breaking 25.69% efficiency for its 210mm HJT Solar cells. Huasun ranks 3rd in highest efficient commercial solar modules list Sept 2023 by TaiyangNews.

Anhui Huasun Energy Co., Ltd. (hereinafter referred to as "Huasun") is a technological innovation enterprise specializing in the development and application of ultra-high efficient N-type silicon based ???

Anhui Huasun Energy Co., Ltd (hereinafter referred to as "Huasun"), founded in July 2020, is a technological innovation enterprise specialized in the R& D and large-scale manufacturing of ultra-high efficiency N-type silicon heterojunction (HJT) solar wafer, cell and module.

Anhui Huasun Energy Co., Ltd. (hereinafter referred to as "Huasun") is a technological innovation enterprise specializing in the development and application of ultra-high efficient N-type silicon based heterojunction (HJT) solar cells and module technology and the products" large-scale manufacturing.

Huasun is a technology leader and an innovation driven HJT focused company. We have already reached 10GW production capacity of both HJT cells and modules and will reach 20GW production by 2023E. I am ???

The company focuses on the HJT(hetero-Junction technologies) and its related technology, it specializes in the research and development, production and sales of high-efficiency silicon heterojunction cells and components, helping to promote the ???

As the industrial pioneer of heterojunction technology in China, Huasun has delivered over 1GW of HJT products to over 20 countries around the globe. Huasun now ranks as the largest HJT manufacturer in the world. High-efficienct HJT solar cells and modules. Make Order Now!

Anhui Huasun Energy Co., Ltd, founded in July 2020, is a technological innovation enterprise specializing in the development and application of ultra-high-efficient N-type silicon heterojunction (HJT) solar cell and module technology as well as large-scale manufacturing.
