

Where is Hyperion Solar Energy located?

Hyperion Solar Energy is located at 2700 E Foothill Blvd in Pasadena, CA. You can see reviews for it from Angi members or join today to leave your own review.

What services does Hyperion Energy offer?

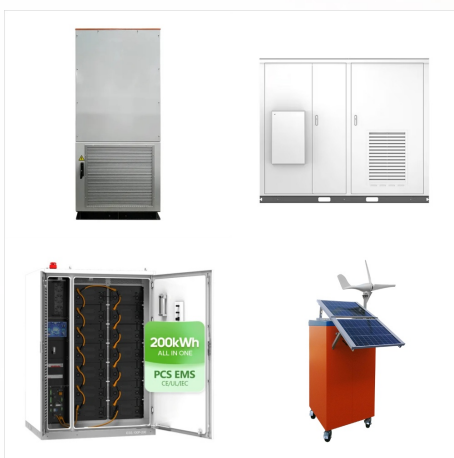

Hyperion Energy offers Solar Panels, Solar Energy Systems, Home Solar Systems, SunPower Panels, solar storage solutions, and solar storage through the SunPower Corporation.

Does Hyperion service existing solar energy systems?

Hyperion does not service existing solar energy systems. They provide homeowners with over 40 years of industry experience and pay close attention to the details of each home they are involved with, being customer service driven.

Why should I buy a Hyperion solar panel?

Hyperion being a SunPower factory direct master dealer is a pro, as SunPower will be the installer. SunPower panels are consistently rated among the top performers. The company offers a great warranty on equipment and degradation warranty. The panels are high efficient and high capacity, providing an opportunity for an upgrade in the future if needed.
