

The Ubiquiti SunMAX SolarPoint is a remote-managed MPPT charge controller with a built-in four-port 24 volts PoE, 10/100 Mb/s switch and a DC output delivering up to 40 watts. It comes with a 5-year warranty.

SunMAX SolarPoint is a remote managed MPPT 24V 7A charge controller with a built-in 4 port 24V PoE 10/100Mbps switch and one DC output delivering up to 40W. It comes with built-in weather prediction service, which together with AI algorithms provides you with information about your solar system's performance.

The SunMAX SolarPoint MPPT Charge Controller from Ubiquiti features MPPT PV power control, along with a built-in weather prediction service that works in conjunction with AI algorithms to provide you with information about your solar system's performance.
