Inspired Energy Specializes in Custom and Standard Smart Lithium Ion Rechargeable Battery Packs and Chargers for OEMs worldwide. Designed and built in USA. If you need additional power >100Wh we specialize in multi battery array and high capacity designs for extended run applications. Search: Clear filters . Product Category. Sub-Category.

Inspired Energy Battery Packs A battery pack is a set of any number of battery cells connected and bound together to form a single unit with a specific configuration and dimensions. They may be configured in series, parallel or a mixture of both ???

At 98Wh, the NH2054HD34 is the highest energy density Li Ion standard battery pack available, equalling the performance of Inspired Energy's 97Wh 12-cell "NL" products in a 33% smaller and lighter package. The NH2054HD34 can be used in low temperature applications to provide improved (not full) performance to -20°C.

Inspired Energy Specializes in Custom and Standard Smart Lithium Ion Rechargeable Battery Packs and Chargers for OEMs worldwide. Designed and built in USA. The ND2017QE34 Li-ion battery has been updated as a replacement for the previous ND2017A22, ND2017A24 & ND2017A29 models. Qty 1-11, \$121.28 USD ea.

Inspired Energy originally released all of the standard battery models in the market today designed around the Lithium Ion 18650 model cells. Introduced during the 1990s-2000, these products have supported our customers for decades in numerous applications.
