

What is axpert VM III?

Axpert VM III is third generation off-grid inverter with rich new functions. Its detachable LCD control module can be turned to remote panel. It's also integrated with Bluetooth interface ready for mobile monitoring and supports USB on-the-go function to facilitate data upload/download.

What is the wattage of the axpert vm3 3kva inverter?

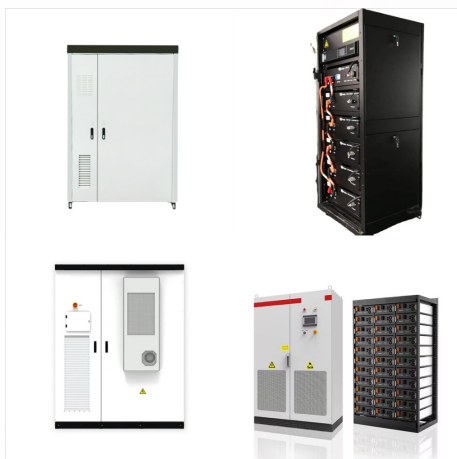

RCT - Axpert VM3 3KVA Inverter 24V Dc 4000W Pv & Battery Independant Bms Compatiable No Parallel Operations

What is VM III series inverter?

Inverter can keep supplying power to the loads from PV energy or the grid without battery connected. Users can easily set up or change the charging current, output source and charger source prioritization through LCD control panel to optimize inverter performance. VM III series is designed with replaceable fan.

What is VM III series?

VM III series is integrated Bluetooth interface ready for mobile monitoring. This technology allows wireless communication up to 6~7m in an open space. Now, WatchPower App is available in google store. VM III series supports USB On-the-Go function to facilitate data upload/download. BMS. For the detailed information, please contact sales directly.

The Inverex Aerox 3.2 Kw Solar Inverter Price in Pakistan Is Around Rs: 85,000 to the maximum price of Inverex Aerox III 3.2Kw Off-Grid Solar Inverter is Rs: 88,000 in Pakistan.
