

Should you invest in solar energy stocks in 2024?

Investing in solar energy stocks in 2024 presents an opportunity due to several factors. The global push for renewable energy sources intensifies, with a heightened focus on combating climate change and reducing carbon footprints. Solar energy remains a pivotal component of this transition towards clean energy solutions.

Is solar energy a good investment?

Solar energy represents an enormous market opportunity. To decarbonize the economy, the U.S. needs to invest an estimated \$1.2 trillion in solar energy developments alone through 2050. Meanwhile, the global investment opportunity for solar is even larger. Many companies focus on solar energy and should benefit from the sector's growth.

How did solar energy stocks perform in 2023?

Solar energy stocks took a beating in 2023. Global X Solar ETF (RAYS) and Invesco Solar ETF (TAN) are down 41.38% and 29.83% for the year, respectively. The high-interest rate environment made a bearish case for solar stocks throughout the year due to a demand drop among retail customers.

Why are solar energy stocks growing?

The industry's technological advancements and decreasing production costs make solar energy increasingly competitive against conventional energy sources. In addition, government incentives, supportive policies and increasing consumer demand for sustainable energy further drive the growth prospects of solar energy stocks.

Are solar stocks a good investment?

All stocks are listed on major U.S. exchanges for easy trading, even those headquartered overseas. Average three-year sales growth of more than 10%. While each solar stock has experienced its own ups and downs, all the names on this list have seen double-digit sales growth on average over the last three years.

Should investors worry about solar stocks?

On top of those issues, investors also have to worry about rather pragmatic concerns about liquidity and access to solar stocks. Take GCL Technology Holdings Ltd. (ticker: GCPEF), a dominant Chinese company
