

Is ion solar a good company?

Ion solar has been a great experience so far, that have kept me in the loop every step Of the way. Chad Carroll is the go to guy, very professional, and explained every detail of the process. I would highly recommend if you're looking to add Solar to your home. Everyone we dealt with from ION was professional and informative.

Does ion solar offer a premium solar experience?

ION Solar claims to provide a premium solar experience from sale through installation, and most customer reviews indicate that ION takes this promise seriously. There are, though, some negative reviews highlighting aggressive door-to-door soliciting and some instances of poor communication.

What makes ion a great solar company?

By providing our customers with premium solar products and a white glove experience from sales through installation, we have been able to rapidly scale ION into the premier provider of residential solar," said Matthew Rasmussen, CEO of ION.

Is ion a good company to work for?

If you read a review which jokingly refers to ION as a "Market Leader" or similar, you need to be aware that these have been written specifically to try and boost the dismal rating the company rightfully has on Glassdoor. Not a great company to work for... Company is in the process of acquiring a lot of companies.

Is ION Solar Texas a good solar company?

ION Solar Texas is a company with outstanding people and service. Their enthusiasm for solar power was contagious, and it was evident that they genuinely cared about the impact of their work. In conclusion, I fully recommend ION Solar Texas.

Who is ion solar?

Energy monitoring ION Solar is a premium, full-service solar provider. ION offers affordable solar solutions that give customers the benefits of solar with little or no up-front costs. Full-service includes a custom-designed system using premium equipment and they handle all of the

ION SOLAR A GOOD COMPANY TO WORK FOR

ION Solar is a company dedicated to creating a better world, one solar panel at a time. When you choose to go solar with ION, you're not just powering your home, but also contributing to a larger movement for positive change.

The Solar Investment Tax Credit (ITC) is a federal tax credit for those who purchase solar energy systems for residential, commercial or utility scale properties. Through this legislation, all solar systems installed between 2022 and 2023 are eligible for a federal tax credit.

232 reviews from Ion Solar employees about Ion Solar culture, salaries, benefits, work-life balance, management, job security, and more The company has similar issues to other solar companies. You'll only succeed here long term if you are able to work independently, remain internally motivated, and not panic at the weekly process changes

ION SOLAR A GOOD COMPANY TO WORK FOR

So Ion and most of the door to door solar companies are the same in regards that they will promise xkwh offset. Key word is offset. Direct experience dealing with Ion, Ion customer service and subsequently Ion regional manager, I learned the following: They will use non-binding words such as offset. They overprice their systems dramatically

685 reviews from Blue Raven Solar employees about Blue Raven Solar culture, salaries, benefits, work-life balance, management, job security, and more. Home. Company reviews By week 3 the company was providing the closers with paid leads essentially cutting us out of the process entirely. Ion Solar. 3.3. Compare. Top Tier Solar Solutions

Thanks to lofty renewable energy goals (like reaching zero-carbon energy generation by 2050), the state of Virginia has plenty of incentives for homeowners to go solar, including generous tax credits and a variety of methods for selling energy to utility companies.

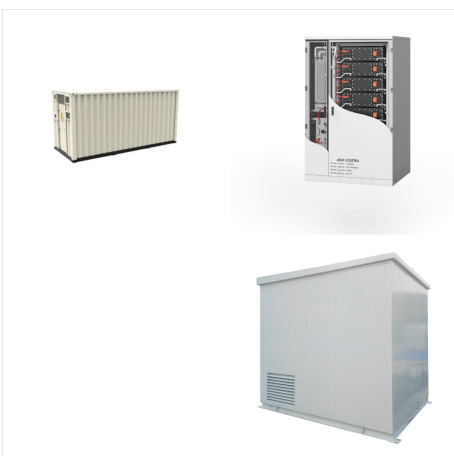

ION SOLAR A GOOD COMPANY TO WORK FOR

ION will teach you a lot. It offers the worst pay in the Solar industry to sell the most expensive Solar on the market. ION is a very good company as far as reviews and product and services go. But for its customers and employees it's a ripoff. They do create a good family culture but it's mainly fake.

Is Momentum Solar a good company to work for? Momentum Solar has an overall rating of 2.9 out of 5, based on over 1,333 reviews left anonymously by employees. 40% of employees would recommend working at Momentum Solar to a friend and 37% have a positive outlook for the business. This rating has decreased by 14% over the last 12 months.

Overall a good company with good middle management. Upper management are where the issues are. Zero opportunity for advancement in the company once you're at the Operations Manager level. Company is also very cheap and there are no bonuses and they will never recognize the work you do with relational compensation.

ION SOLAR A GOOD COMPANY TO WORK FOR
