

Who makes Solaria solar panels?

Let's find out. Solaria is a USA-based solar panel manufacturing company that produces residential, monocrystalline, shingled solar panels. Solaria offers two lines of solar panels: the PowerXT Series and the PowerX series.

How much do Solaria solar panels cost?

When it comes to Solaria solar panels price, they are considered very affordable. You could pay between \$2.47 and \$3.13 per watt which would result in an installation for \$14,800 -- \$18,800. Don't forget about the federal tax credit for solar which allows to lower this price by a quarter. You can find Solaria solar panels for sale in our store.

Does Solaria have a warranty?

The PowerX Advantage Series, featuring Solaria's innovative cell cutting and dicing technology, provides all-black 400 watt solar panels that set new standards for value and performance. The Solaria "Power, Parts and Labor" warranty is still in full effect. Contact our support team for technical product questions and warranty matters.

Is Solaria part of Maxeon solar technologies?

The Solaria brand is now part of Maxeon Solar Technologies, a global leader in solar innovation. You can find the full Maxeon Solar Technologies product line here. The PowerX Advantage Series, featuring Solaria's innovative cell cutting and dicing technology, provides all-black 400 watt solar panels that set new standards for value and performance.
