

"Thanks to Chris and the team at Ecoer for an excellent install of my solar PV system. Quality of install and equipment used is excellent. My May/June billing was down about 60% (only had the PV for 5 out of the 8 week billing period) and July/August was down 100% so no bill . I would highly recommend getting Ecoer to install your PV."

The biggest drawback of getting solar panels is typically their high cost. By choosing MySolar services, that is not an issue since there is no up-front installation cost. We offer an easily-manageable monthly payment of as little as a?!29.50.. From our experience, typical household savings with using solar panels can be up to a?!1,000 a year. Of course, the more electricity you a?|

In 2020 we acquired 100% of Wexford Solar, which includes eight solar projects across Ireland. Construction on the first three of those projects will be completed shortly. EDF Renewables is committed to helping the Irish Government achieve a?

My Son 1 and 2 are equipped with advanced, synchronous technology and a team of well-trained staff with high expertise applied during operations. In particular, My Son 1 & 2 solar power plant uses a system of 287,472 solar panels under the JinkoSolar brand, a global leader in the solar energy industry in more than 80 countries worldwide.

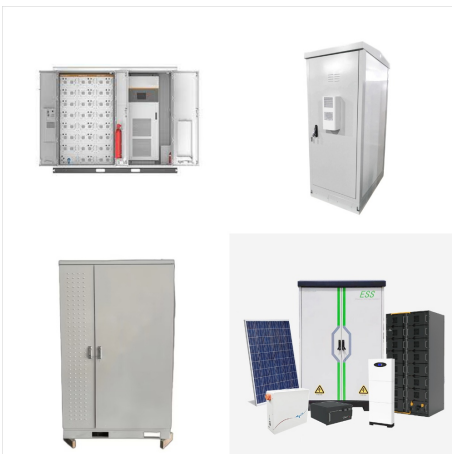

Yes. In fact, my set up won't keep anything powered during a blackout (for safety reasons). There are 2 "emergency backup" sockets at the inverter but that's in the attic. (inverters and batteries cannot be in "living spaces" - meaning bedrooms, living rooms, etc.). Now, we are a pretty efficient/low-use house, but these panels mean we're
