

We are experts in PV system installation:  
Commercial, residential and ground-mounted systems. Our expertise lies in designing and installing cutting-edge PV systems, ensuring optimal performance and cost-efficiency for solar energy ???

Our mission is to accelerate Ireland's transition to sustainable energy by providing innovative solar solutions that empower businesses to reduce their carbon footprint while maximizing their energy efficiency. With years of experience in the solar industry, we've established ourselves as a trusted partner for commercial solar installations.

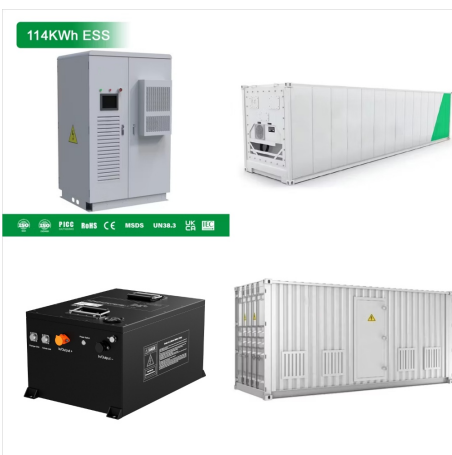

Our expert consultation services help you understand your solar potential and design the perfect system for your needs. We analyze your energy consumption, site conditions, and business goals to create a tailored solution.

ESB Networks recently stated that solar is "the fastest growing renewable power source in Ireland." This exciting progress was unlocked by two changes: removal of barriers to rooftop solar; and a route to market emerging for utility scale ground mount solar. Consumers are placing solar on their homes and businesses at an unprecedented rate.

Renewable energy and solar panel grants are available in Ireland for homes, agriculture and business. If you are interested in residential solar systems or commercial solar systems then please contact our team on 1800 929 009 or by email: [info@solarstream.ie](mailto:info@solarstream.ie) or by accessing our real time chat facility.

As Ireland takes significant strides towards a greener future, the latest findings from the ISEA reveal a substantial expansion in solar power installations across the nation. This notable growth underscores Ireland's commitment to reducing greenhouse gas emissions, achieving climate targets, and fostering energy independence.

Electric Ireland, with our official installation partner NRG Panel, delivers Solar PV installations across Ireland to the highest quality standards, ensuring a strict health and safety approach to protect you and our staff. Over 8,000 installs nationwide, SEAI ???
