Up to 5% cash back? Ultra-lightweight and incredibly portable at just 2.6lbs, Jackery 40W mini solar panel is perfect for on-the-go use. Its compact four-fold design makes it easy to pack and carry, lighter than a laptop. With direct ???

The Jackery SolarSaga 100W Solar Panel. The SolarSaga 100W (click to view on Amazon) is currently the largest solar panel made by Jackery, and it's easy to understand why they chose to make a 100W panel.. Solar panels rated at 100 watts are the most popular size when it comes to portable panels since it's not too small and not too large.

A Y-branch cable is included with all Jackery Explorer 500 and Explorer 1000 power stations so two SolarSaga panels can be used in parallel to faster charge their batteries. Overall, the SolarSaga 100W solar panels are beautiful, sturdy, efficient, and portable, and are backed by a company that has increasingly become well-known for its
