

Who is Jiangsu Sunport Power Corp?

Jiangsu Sunport Power Corp., Ltd. was founded in 2012 in China and dedicated to R&D and manufacturing of solar cells and modules based on advanced MWT (metal wrap through) technology.

Where is Sunport power based?

Sunport Power has set up 5 manufacturing plants in 3 production bases Wuxi, Xuzhou, and Nanjing in China and owns 4GW module production capacity with a corresponding vertical supply chain including high-efficiency back-contact cells and unique conductive back sheets.

Where does Sunport power sell MWT modules?

Sunport Power has a wide sales network covering Japan, Australia, Germany, Brazil, Poland, Spain, and tens of countries and regions all over the world. The World's First Manufacturer on GW-Scale for MWT PV Modules
The Only Single-glass Module with 30-year Power Warranty worldwide

How did Sunport power develop MWT technology?

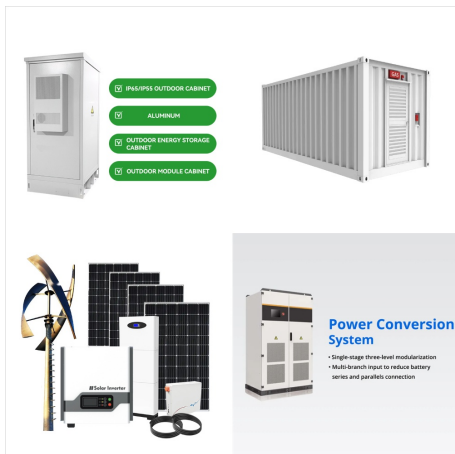

By using leading manufacturing equipment suppliers, such as Mayer Burger and Eurotron, Sunport Power established a fully automated back-contact production line which is designated for MWT technology only.

Does Sunport power offer a 30-year warranty?

As the only enterprise in the PV industry to provide a 30-year power warranty for Single-Glass modules. Sunport Power has a wide sales network covering Japan, Australia, Germany, Brazil, Poland, Spain, and tens of countries and regions all over the world. The World's First Manufacturer on GW-Scale for MWT PV Modules

What makes Sunport power unique?

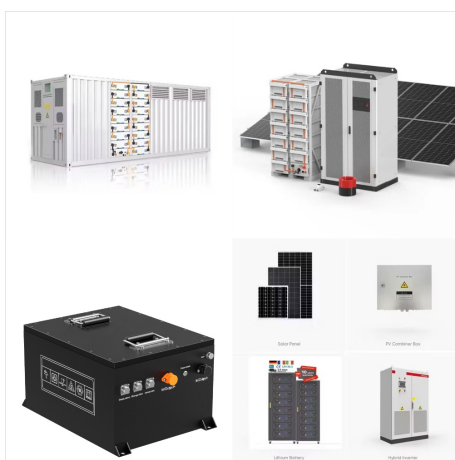

Sunport Power owns 4GW module production capacity with a corresponding vertical supply chain including high-efficiency back-contact cells and unique conductive back sheets. So far, more than 200 independent domestic and international patents have been awarded. Quality is always the first priority in Sunport's operation concept.

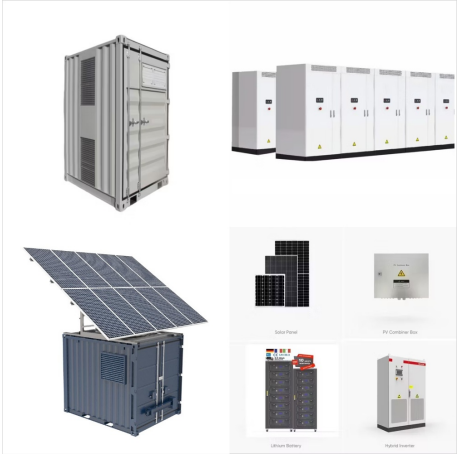

Jiangsu Sunport Power Corp., Ltd. was founded in 2012 in China and dedicated to R&D and manufacturing of solar cells and modules based on advanced MWT (Metal Wrap Through) back contact technology, committed to manufacturing of high-efficiency PV cells and modules, providing professional products, services and solutions for customers.
