Chinese photovoltaic (PV) manufacturer JinkoSolar Holding has secured a 126MW solar module supply contract in Chile. The solar modules will expand an existing 160MW solar PV park located in the Antofagasta region.

The company manufactures and markets solar power products such as silicon ingots, silicon wafers, solar modules, solar PV cells, and monocrystalline, and multi crystalline PV panels. JinkoSolar distributes solar products and sells its solutions and services to international utility, commercial and residential customers.
