

What is Kioto solar sonnenkraft?

Kioto Solar SONNENKRAFT produces photovoltaic modules under the KIOTO SOLAR brand. Building as a power station SONNENKRAFT turns buildings into power plants and reduces energy costs by up to 75%. Satisfied customers More than 1 million customers rely on quality products from SONNENKRAFT.

Is Kioto solar future-proof?

Future-proof SONNENKRAFT has been developing future-proof solar solutions for over 30 years. Kioto Solar SONNENKRAFT produces photovoltaic modules under the KIOTO SOLAR brand. Building as a power station SONNENKRAFT turns buildings into power plants and reduces energy costs by up to 75%.

What are the advantages of Kioto solar?

Advantages:

- o High-end-power module thanks to continuous quality control
- o Use of anti-reflective glass for higher performance
- o Optimized weak light behaviour for higher yields

KIOTO SOLAR's solar collectors set new standards in terms of perfect space utilisation and design.

Who is Kioto solar?

Kioto sounds Asian, but this company is endemic to Austria. Kioto Solar was established in 2007, and since then, it has made a name for itself in the global solar industry with its high-quality manufacturing output. Even before its incorporation, this company has been involved in the solar industry since 1991.

Does Kioto solar have a production capacity?

See also: Without solar factories in Europe there can be no energy transition Kioto Solar increased its production capacity to 340 megawatts per year some time ago. This is not much compared to the competition from the Far East. What role does the sheer size of production play in being able to compete with the large Asian manufacturers?

Why should you choose Kio solar?

75% yearly cost savings 150 MW photovoltaic modules annual output 15.000 freshwater stations, stratified layer stations & heat exchangers annual output one of Europe's leading system suppliers for heat and power KIOTO SOLAR's high-quality power modules stand out through being maintenance-free and gaining high yields.

: Sonnenkraft has long since established itself on the module market with the Kioto Solar brand. Managing Director Wolfgang Seidler knows what opportunities the further development into a full-range ???
