

w Generator provides all the power a large RV needs at a remote campsite or park without a shore power hookup. A Dual Fuel option extends the versatility of a 8000 Watt Portable Generator with the ability to run on either gasoline or LP propane.

Honda Generators set the standard for portable power. From the jobsite to the campground, the stadium parking lot to the raceway infield, Honda Generators work and play as hard as you do. Legendary Honda reliability makes Honda generators the ideal backup power source for homes and businesses alike.

W is a big unit. I would hesitate to buy such a large unit unless I really needed that much capacity. For emergency use, it is my personal plan and preference to back up only the minimum (house lights, electronics, etc.) and for the most part use non-electric backups (or none at all) for high draw applications such as cooking, air conditioning, clothes drying, etc.

SGK-8MAX 8000W Solar Generator Kit Highlights. High-Power Inverter: Features an 8000W 48V DC to 120V/240V inverter, ideal for off-grid and backup power needs. Powerful Solar Array: Includes 12 x 450W monocrystalline solar panels, providing efficient energy collection for reliable power generation. Long-Lasting Batteries: Equipped with 4 x 200Ah LiFePO4 batteries with ???
