

E-BOX series, the new generation LFP battery for home energy storage system. It provides safe, well-designed and high-performance standard LFP battery pack for you. The battery pack is compact, easy to install, free of maintenance, and could be deployed to the building block of energy storage system by being assembled in parallel.

This document introduces the E-BOX-48100R, a new generation LFP battery for home energy storage. It provides a safe, well-designed, and high-performance standard LFP battery pack that is compact, easy to install, maintenance-free, and can be assembled in parallel to build energy storage systems.

This document introduces the E-BOX-48100R, a new generation LFP battery for home energy storage. It provides a safe, well-designed, and high-performance standard LFP battery pack that is compact, easy to install, maintenance-free, ???

E-BOX series, the new generation LFP battery for home energy storage system. It provides safe, well-designed and high-performance standard LFP battery pack. The battery pack is compact, easy to install, free of maintenance and can be installed in parallel in the energy storage system to increase its capacity.

E-BOX series, the new generation LFP battery for home energy storage system. It provides safe, well-designed and high-performance standard LFP battery pack for you. The battery pack is compact, easy to install, free of maintenance, and could be deployed to the building block of energy storage system by being assembled in parallel.

The Pytes E-BOX 48100R 5.12kWh LifePo4 Solar Battery is a high-quality energy storage solution designed for solar power systems. With a capacity of 5.12kWh, this lithium iron phosphate battery offers reliable and long-lasting performance.

E-BOX series, the new generation LFP battery for home energy storage system. It provides safe, well-designed and high-performance standard LFP battery pack for you. The battery pack is compact, easy to install, free of maintenance, and could be deployed to the building block of energy storage system by being assembled in parallel.

E-BOX 48100R Features Scalable From 5.12kWh to 245.76kWh Long-lasting >6000 Cycles @ 90%DOD Safe & Reliable Tier 1 Automotive Grade A LiFePO4 cells Self-designed & Field-proven BMS Compact, Flexible and Easy Install Wide Compatibility 801410 US CECSGIP UN38.3
