

We design and deliver turnkey utility scale solar PV farms of the highest quality, which consistently outperform competition. We use tier-1 equipment exclusively, and provide best-in-class maintenance to the assets we build; guaranteeing long term project performance.

We install roof mounted Solar PV, helping our clients to meet their demand for electricity generated onsite from a renewable source. We also provide measurement and verification using smart metering and digital data, enabling ???

Au final, le Kristal Solar Park permettra d'??viter l'??mission de plus de 30 000 tonnes de CO2 par an dans l'atmosph??re. Pour s'assurer du bon fonctionnement des installations, EQUANS sera responsable de l'entretien, pendant 15 ans.

Equans and global renewable energy company Low Carbon are pleased to announce the signing of a Memorandum of Understanding (MoU) to cooperate on accelerating the development of large-scale solar

We install roof mounted Solar PV, helping our clients to meet their demand for electricity generated onsite from a renewable source. We also provide measurement and verification using smart metering and digital data, enabling you to monitor the efficiency of energy generation.

The Eurasian Development Bank (EDB) announced on Tuesday the signing of a cooperation deal with Bishkek Solar in connection with a 300-MW solar photovoltaic (PV) project in the Kyrgyz Republic, or Kyrgyzstan.

With our deep technical experience and 15-year track record in solar and storage, we specialize in every aspect of the value chain, from design and engineering to installation, operation, and maintenance of solar plants, whether with or without energy storage and grid connection. We are a reliable Engineering Procurement Construction partner

Solar & Storage As global demand sets ever more ambitious renewable energy supply targets, growing challenges have to be met in energy storage, grid-balancing and frequency response. We are at the forefront of the expanding battery storage market, a key enabler for smart grids.

UK-based contractors Ethical Power and Equans UK & Ireland (under its new brand Equans Solar & Storage) have been awarded "major construction contracts" from RWE to provide a range of Engineering, Procurement and Construction (EPC) services to the seven projects. The first site is expected to begin operation by the end of this year.

We activate our in-house and local expertise (design, installation, maintenance, PV project management, BESS, grid integration, substations) to successfully develop and implement integrated, turnkey, tried-and-true solar PV and ???

When deciding where to place the solar panels, the EQUANS teams had to take into account the shade created by the trees and hedges on the site. The owner's wishes to safeguard the view from his home, as well as ease of maintenance, were also important points of attention. The solar panels have therefore been installed in eight-row groups on a

Bouygues Energies & Services (Bouygues E& S), a company of Equans, the global leader in energy, digital and industrial transitions, has secured a contract for the design, build, operation and maintenance (O& M) of a solar farm with an approximate capacity of 50MWp with Bluefield Partners LLP, a London-based investment specialist in renewable energy and solar PV assets.

Jarkko Lahti, Head of Solar Power Construction unit: +358 40 747 1909, jarkko.lahti@destia . Notes : *Destia fait partie du groupe mondial Colas, d?tenu ? 100 % par le groupe Bouygues. Equans Solar & Storage est une marque de sp?cialit? d"Equans, qui fait partie du groupe Bouygues. ** Calcul bas? sur une utilisation moyenne de 5 000 KW.

Equans, through its subsidiary Bouygues Energies & Services, the top international EPC player, will mobilise their expertise under its new brand Equans Solar & Storage to provide a bespoke offering to Low Carbon for the ???

Equans Solar & Storage est une marque de sp?cialit? d"Equans. Equans, filiale du groupe Bouygues, est un leader mondial du secteur des ?nergies et services, implant? dans 20 pays, avec 90 000 collaborateurs* travaillant sur les cinq continents et un chiffre d'affaires 2022 combin? proforma de pr?s de 18 milliards d"euros**.

To meet the needs for large-scale, integrated, and high-performance solar and storage solutions, covering the entire value chain from design to operation, Equans is launching Equans Solar & Storage.

From design over installation and maintenance to administration, EQUANS follows up your solar energy project from A to Z. A Project Leader becomes your contact for all elements of your solar installation. Professional project planning Professional project planning .

We activate our in-house and local expertise (design, installation, maintenance, PV project management, BESS, grid integration, substations) to successfully develop and implement integrated, turnkey, tried-and-true solar PV and storage solutions with highest level of safety, social and environmental sustainability.

With our deep technical experience and 15-year track record in solar and storage, we specialize in every aspect of the value chain, from design and engineering to installation, operation, and maintenance of solar plants, whether with or ???

Equans, through its subsidiary Bouygues Energies & Services, the top international EPC player, will mobilise their expertise under its new brand Equans Solar & Storage to provide a bespoke offering to Low Carbon for the development, construction and operation of large-scale Solar PV as well as BESS projects in selected countries.

covering the entire value chain from design to operation, Equans is launching Equans Solar & Storage. Equans Solar & Storage brings together 1,500 employees from the Equans Group, specialised in the latest technologies that combine solar energy production and storage systems to ensure the highest yields and grid balancing.
