

Who is hynfra energy storage?

Image: Claritas Investments /Hynfra Energy Storage. Investor Claritas and system integrator Hynfra Energy Storage (HES) have signed a framework agreement to deploy half a gigawatt of utility-scale battery energy storage in Poland. The two firms, based in the Netherlands and Poland respectively, signed the agreement last week (13 December).

Will hynfra and Claritas deploy half a gigawatt of battery energy storage?

Investor Claritas and Hynfra Energy Storage will together deploy half a gigawatt of utility-scale battery energy storage in Poland.

Will hynfra participate in a Bess auction?

For the upcoming one in December, 16GW of BESS got preliminary registration to the capacity market, the first step to participating in the auction, he added, of which 580MW is Hynfra's, through its Hynfra Energy Storage arm.

Will hynfra make it to Poland?

"Not all will make it," Umeda said, but Hynfra is "doing all it can" to put its 580MW in, and plans to submit 2GW for next year's. The Polish market is starting from a low base but looks set to pick up as renewable deployments increase and with it, opportunities for energy storage.

Will hynfra's Bess project be delivered in 2027?

As reported here at the time, the company had a 7.5MW BESS project win an award in last year's auction in December which handed out a total of 5,379MW of contracts. There are five years between capacity market award and delivery so Hynfra's project is deliverable in 2027.

For the upcoming one in December, 16GW of BESS got preliminary registration to the capacity market, the first step to participating in the auction, he added, of which 580MW is Hynfra's, through its Hynfra Energy Storage arm.

For the first time, energy storage systems have bagged capacity market contracts in Poland energy auctions. Battery energy storage system (BESS) projects out forth by Hynfra Energy Storage (HES) and OX2 amounting to 130 MWh have won auction results for 2027 announced by Polskie Sieci Elektroenergetyczne (PSE), the country's electricity transmission

Inwestor Claritas i integrator systemów Hynfra Energy Storage (HES) podpisali umowę ramową na wdrożenie w Polsce akumulatorowego magazynu energii o mocy ponad 1 GW. Obie firmy, mające odpowiednio siedziby w Holandii i Polsce, podpisały umowę w zeszłym tygodniu (13 grudnia).

Poland looks set to lead battery storage deployments in Eastern Europe, with 9GW of battery storage projects offered grid connections and 16GW registered for the ongoing capacity market auction. Eastern Europe has languished behind other regions in developing battery storage, but this is set to change.

Around 16GW of battery energy storage system (BESS) projects got preliminary registration for this year's capacity market auction in Poland, developer Hynfra told Energy-Storage.news. As reported here at the time, the company had a 7.5MW BESS project win an award in last year's auction in December which handed out a total of 5,379MW of

A total of 165MW of BESS projects won awards in the auction, Hynfra founder and CEO Tomoho Umeda said. The largest winning projects were 21MW of capacity from a 50MW/100MWh project by Sweden-based developer OX2 and a 120MW/500MWh project from Columbus Energy. For the upcoming one in December, 16GW of BESS got preliminary ???
