

What are the best wireless portable chargers & power banks?

For Qi-compatible devices, we also have a separate guide to the best wireless portable chargers and power banks. The best replacement for your original charger is the Nekteck 60W USB-C GaN Charger. It's cheaper and smaller but just as powerful and reliable.

What is the best portable charger?

Anker's well known for its lineup of power solutions, so it comes at no surprise that the Anker Prime 20,000 mAh power bank tops our list of best portable chargers. With its generous battery capacity, it's more than capable of charging small stuff like your phones and wearables -- but it's also powerful enough to charge laptops too.

What is a 25000 Mah portable charger?

These 25000mAh to 50000mAh beasts can power larger devices like digital cameras and laptops, or give your phone a full charge several times. Here are the best ultra-high capacity portable charger options if you plan to use a power bank to keep all your fancy devices powered up.

Can a battery pack charge multiple devices?

Most battery packs have more than one port, which gives you different charging options. You'll typically see at least one port labeled "in/out," which means you can use it to both charge the bank and charge your device. While USB-A output ports can power up smartphones and other small devices, they can't charge larger devices.

What is the best portable charger for camping?

The Jackery Explorer 100 Plus is the perfect portable charger for camping because of how it packs a large battery that could get you days of powering your gadgets, without being too heavy to carry around. With its 128W charging speeds, it doesn't take all that long to charge smaller gadgets like phones and smartwatches.

What is the best battery pack for Anker MagSafe?

This impressive little external battery pack from Baseus is a strong contender for knocking Anker's MagSafe battery off its pedestal in this guide. Baseus' bank is about half the price and has a built-in USB-C cable so you can recharge non-iPhones without needing to have a cable on hand. The cable can also be used to recharge the bank itself.
