

What are inflatable planets used for?

These inflatable planets are ideal for learning in the classroom or at home. Hang these inflatable planets to create a colourful, interactive display, or use them as hands-on models to demonstrate the size, position, and order of the planets, as well as show their rotation, revolution, and orbits.

Where can I buy giant inflatable solar system set?

Shop Learning Resources Giant Inflatable Solar System Set, Astronomy for Kids, 12 Pieces, 8 Planets, Grades K+ at Target. Choose from Same Day Delivery, Drive Up or Order Pickup. Free standard shipping with \$35 orders. Save 5% every day with RedCard.

What is included in a solar system kit?

Solar System for Classroom: Demonstrate rotation, revolution, and orbit in 3 dimensions with this durable, washable kids solar system kit ALL 8 PLANETS: Includes all 8 planets, Pluto, the sun and Earth's moon, repair kit, activity guide, and foot pump

Why should you buy a solar system set?

Ideal gift for Halloween, Christmas, Stocking Stuffers, Easter Baskets or even for Homeschool. Demonstrate rotation, revolution, and orbit with this durable, washable solar system set. Teach the position, order, size, and shape of the planets and sun.

What is included in a solar system set?

Includes all 8 planets, Pluto, the sun and Earth's moon, repair kit, activity guide, and foot pump. From the Manufacturer Create an out-of-this-world playroom or bedroom with this unique solar system set. Each full-color component inflates easily, turning any room into a space-age experience.

How hard is it to inflate a solar system?

The solar system colors and sizes looked great. When we tried to inflate most of the smaller shapes were oval or lopsided. The smaller ones were also really hard to inflate because the nozzle didn't have an air trap so they would start to deflate as soon as you were done inflating.
