

Does Leclanché offer a battery energy storage system?

Leclanché will also be providing the battery energy storage system (BESS) for the on-shore recharging system for the Damen ferries. This turnkey approach offers significant benefits to future shipbuilders, ports and harbor authorities seeking a frictionless way to accommodate these state-of-the-art vessels.

How does Leclanché support e-transport solutions?

They are supported by a lean and efficient corporate central team. Leclanché's e-Transport Solutions team powers the electrification of transport (trains, vessels, trucks and more) through efficient, proven and reliable energy storage solutions. This group creates custom low-voltage battery systems for a wide range of demanding applications.

Is Leclanché a pure play energy storage company?

Leclanché is the only listed pure play energy storage company in the world and is listed on the Swiss Stock Exchange. Our integrated solutions accelerate the electrification of transport systems. We deliver integrated battery packs for electric vehicles of all sizes with intelligent interface to the charging infrastructure.

Who is Leclanché stationary solutions?

Leclanché Stationary Solutions business group provides substantial benefits to grid operators, utilities and corporate and commercial energy users. The Company operates through three standalone business units: eTransport Solutions, Stationary Solutions and Specialty Battery Systems.

Is Leclanché a publicly traded company?

Leclanché is the only publicly traded, pure play energy storage company in the world, and is listed on the Swiss Stock Exchange. Discover a selection of our customers and projects in Stationary Solutions, eTransport Solutions and Specialty Battery System. Our core technology expertise ranges from electrochemistry to energy management software.

How does Leclanché work?

Leclanché's 2.35MWh capacity batteries are configured for the 800-passenger vessel's operation while in port without using main engines. The energy storage system is charged from shore power, which is also

used for the vessel's other power needs during its stay in harbor.

Leclanche also has preliminary agreements for two other industrial locations with NRStor that will also utilize this standardized product and Leclanche's in-house design in its own specific configurations. Leclanche SA is a leading provider of high-quality energy storage solutions designed to accelerate our progress towards a clean energy

Headquartered in Switzerland, Leclanche SA is a leading provider of high-quality energy storage solutions designed to accelerate our progress towards a clean energy future. Leclanche's history and heritage is rooted in over 100 years of battery and energy storage innovation and the Company is a trusted provider of energy storage solutions

info@leclanche The Sites Leclanche is a fully vertically integrated battery energy storage solution provider. It designs, manufactures and delivers a wide range of turnkey energy storage solutions for electricity grids, residential, commercial and industrial applications. Leclanche also provides battery

Cost, complexity and carbon footprint. Earlier this month, Switzerland-headquartered Leclanch? launched its new, modular energy storage system solution aimed at reducing all three of these challenging points for the industry. VP for system engineering Daniel Fohr and EMEA region sales and business development manager Cyril Carpentier speak ???

The transport industry is under increasing pressure to use green technology to reduce harmful CO 2 and NOx emissions. Leclanch?'s e-Transport business unit offers solutions to meet these ever-increasing legislative pressures to power the electrification of transport in the form of efficient and reliable energy storage solutions.

In cooperation with our partners, we provide complete turnkey Renewable + Storage solutions. These solutions feature Leclanch? custom-engineering Electricity Energy Storage Systems (EESS) alongside best-in-class renewable energy generation assets. Our integrated solutions reduce energy costs while providing clean and reliable electricity to our customers.

# LECLANCHE ENERGY STORAGE SOLUTIONS

Leclanche? SA is a world leading provider of high quality, energy storage solutions using lithium-ion cell technologies to accelerate our progress towards a cleaner energy future. Leclanche? is listed on the Swiss Stock Exchange. [info@leclanche](mailto:info@leclanche) . Leclanche? UK Limited, c/o Elm Tree House, Handley, Clay Cross, Chesterfield,
