

PROTECH Solutions founded May 29th, 2013 by a group of Liberian professionals to provide Information Technology and Communication (ICT) services to private and governmental organizations in Liberia. PROTECH Solutions has overseas partners in the Brooklyn Park areas, Minnesota, and Heron Drive, Pennsylvania United States of America (USA). We are ???

The hybrid model, which combines solar energy generation with the existing hydropower plant, aims to tackle the annual energy demand challenges during Liberia's dry seasons. "This hybrid model will help to address the stubborn, annual challenge of dry season energy demand by harnessing low-cost solar resources complemented by hydropower.

Freetown ??? Liberia has signed a financing
agreement with the International Development
Association for the production of an additional
60MW of renewable energy geared toward further
solving the country's energy crisis. The project is an
initiative of the World Bank under the Regional
Emergency Solar Power Intervention Project
(RESPITE). It is a US\$311 ???

Under the Liberia Solar for Health project, 12
hospitals across the country will be equipped with
solar systems. For example, in March 2020, the
government, UNDP and Eco-Power inaugurated a
small 3 kWp photovoltaic solar power plant at the
Sinje Health Center in Grand Cape Mount County.
Jean Marie Takoulu

The three identified and prioritized technologies selected for mitigation in Liberia's energy sector are 1. Solar PV Home System (SHS), 2. Solar PV Mini-grid System (SMG) and 3. Small Hydropower System (SHP). There are three specific objectives for conducting the barrier analysis process. They are:

The Liberia "Light Up a Life" project was formally launched this week when three WE CARE Solar members flew to Liberia to join Dr. Fatorma Bolay of the Liberian Institute of Biomedical Research (LIBR) and Dr. Musu Duworka, of the Liberian Ministry of Health. Our objective was to provide Solar Suitcase trainings and installations in selected
