approved a total of \$2.068 million tax waiver on
machinery, equipment and raw materials to be
procured by three companies under the One District
One Factory (1D1F) Programme of the Government
of Ghana.

3. Conventional energy resources in Libya Many
countries around the world rely heavily on
expensive sources of energy that are limited and
dangerous to the environment. Libya is one of the
countries that are currently relying on these
non-sustainable energy sources, since most of her
energy needs are satisfied by oil and natural gas.
