???RedEarth Energy Storage's RedEarth EMU app
 gives RedEarth customers the power to monitor
 their system, access RedEarth's Private Power
 Plant, and have greater control over how they use
 the energy they generate through their solar panels.
 By accessing RedEarth's ecosystem of products
 and services, Re???

The absorbed energy may also be emitted back
 toward Earth, where it will warm the surface even
 more. Adding more components that absorb
 radiation ??? like greenhouse gases ??? or
 removing those that reflect it ??? like aerosols ???
 throws off Earth's energy balance and causes more
 energy to be absorbed by Earth instead of escaping
 into space.

Infinite Green Energy is making inroads into the North American market through a joint venture with Red Earth Energy and Frontier Impact Group. Canada was selected as the ideal location for the new H2 Canada JV for the production of green hydrogen due to its abundance of fresh water, hydroelectricity and wind energy potential.
