

ATLANTA ??? May 15, 2023 ??? Governor Brian P. Kemp today announced that Anovion Technologies (Anovion), a supplier of premium synthetic graphite anode materials for lithium-ion batteries, will build a new manufacturing facility in Bainbridge. The project will create more than 400 jobs and over \$800 million in investment in Decatur County.

Atlanta, GA ??? January 5, 2022 ??? Governor Brian P. Kemp today announced that Battery Resourcers, a lithium-ion battery recycling and engineered materials startup, will invest \$43 million to open its first commerc []

In 2022, the Georgia PSC approved the company's long-term energy plan, the Integrated Resource Plan (IRP), which included Georgia Power's largest single battery energy storage system (BESS) project to date ??? the 265 MW lithium-ion McGrau Ford Battery facility located in Cherokee County, as well as an additional 500 MW of battery storage.

LITHIUM ION BATTERY SYSTEM GEORGIA

ATLANTA ??? August 18, 2022 ??? Governor Brian P. Kemp announced today that lithium-ion battery recycler and raw materials provider SungEel Recycling Park Georgia, LLC., will locate its first U.S. recycling facility in Georgia. A subsidiary of the Korea-based global industry leader SungEel HiTech Co., Ltd., the company will invest more than \$37

Thursday's celebration to bring batteries into Georgia's energy mix was a highly-anticipated milestone for Georgia Power. A new 65 megawatt battery energy storage system named Mossy Branch

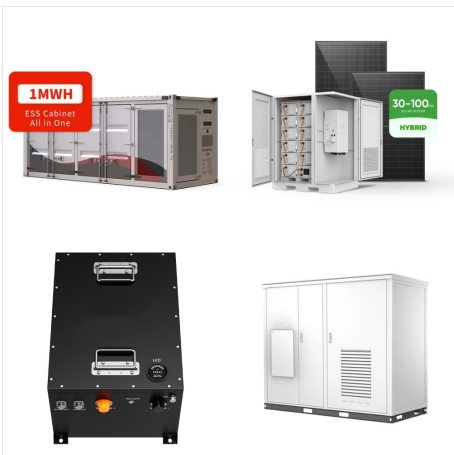

News \$31M Settlement Reached: Litigators Resolve Explosive Lithium-Ion Battery Damages Dispute "We found ourselves in uncharted territory while taking on a global leader of an emerging

LITHIUM ION BATTERY SYSTEM GEORGIA

30,000-metric-ton-per-year facility in Covington, Georgia will be North America's single largest battery recycling operation to extract lithium, cobalt and nickel from discarded lithium-ion batteries and scrap

5 ? Westborough-based Ascend Elements plans on starting production of lithium carbonate recycled from discarded lithium-ion batteries at its \$43-million Georgia facility in 2025, a move ???

4 ? It's one of the largest recycling facilities for lithium-ion battery packs in North America, capable of breaking down 30,000 metric tons of batteries per year. energy storage systems ???

LITHIUM ION BATTERY SYSTEM GEORGIA

ATLANTA ??? August 18, 2022 ??? Governor Brian P. Kemp announced today that lithium-ion battery recycler and raw materials provider SungEel Recycling Park Georgia, LLC., will locate its first ???

In 2022, regulator Georgia Public Service Commission approved the utility's long-term integrated resource plan (IRP). The utility has already deployed a large grid storage project, the 265 MW McGrau Ford ???

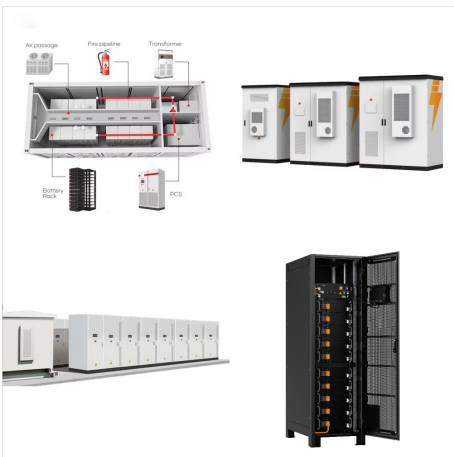

30,000-metric-ton-per-year facility in Covington, Georgia will be North America's single largest battery recycling operation to extract lithium, cobalt and nickel from discarded lithium-ion ???
