

SUNNY ISLES BEACH, FL / ACCESSWIRE /
September 23, 2024 / Elektros (OTC PINK:ELEK)
("Elektros" or "the Company"), a pioneering force in
electric mobility, is proud to announce the
commencement of initial shipments of raw lithium
aggregate from its Sierra Leone mining site.

A study by Mobile Power in 2016/17 showed that
20% of household income in Sierra Leone is spent
on lighting and mobile phone charging. Most of
these lighting costs are spent on disposable
batteries, which creates an environmental issue,
and mobile phones are charged at "telecentres" in
towns, powered by polluting and dangerous petrol
generators.

SUNNY ISLES BEACH, FL / ACCESSWIRE /
September 3, 2024 / Elektros (OTC PINK:ELEK)
("Elektros" or "the Company"), a leading innovator in
electric mobility, today announced significant
progress on its Sierra Leone lithium project,
signaling a robust acceleration of its operations. The
company has successfully filed for critical licenses
and permits, ???

In tandem with the commencement of these shipments, Elektros has been diligently working to expand site preparation at its Southern Sierra Leone Lithium mine, setting the stage for increased

Elektros (OTC PINK: ELEK) has launched initial shipments of raw lithium aggregate from its Sierra Leone mining site. This marks a significant milestone in the company's strategic supply chain for lithium. The unprocessed lithium is being transported from Southern Sierra Leone to Bo, and then shipped to the United States for further processing. CEO Shlomo

SUNNY ISLES BEACH, FL / ACCESSWIRE / August 26, 2024 / Elektros (OTC PINK:ELEK) ("Elektros" or "the Company"), a trailblazer in electric mobility, recently finalized a 13-year ground lease for a Lithium mine located in Sierra Leone, West Africa. The Company's strategic location in Southern Sierra Leone capitalizes on the region's rich lithium deposits, ???

September 20, 2024 / Elektros (OTC PINK:ELEK)
("Elektros" or "the Company"), a leading innovator in
electric mobility, announced it has begun initial
shipment of raw aggregate from its Sierra Leone
Lithium mining site. Elektros has achieved a
significant milestone in its operational progress,
initiating the ???

Electric Vehicles (EVs) could account for about 84%
of total lithium demand in 2030, up from about 55%
in 2021. Consumer electronics, energy storage, and
other industrial applications are likely

SUNNY ISLES BEACH, FL / ACCESSWIRE /
December 10, 2024 / Elektros (OTC PINK:ELEK), a
leader in electric mobility and lithium mining,
announced plans to leverage its Sierra Leone
lithium supply to develop advanced backup energy
products targeting the South Florida market,
positioning the company to capitalize on emerging
energy storage opportunities.

Elektros launches lithium shipments from Sierra Leone, bolstering its supply chain to meet global demand. Learn how this milestone impacts the EV industry and Elektros' future growth plans. solar energy storage, and power supply for AI data centers. We are at the forefront of the clean energy transition, driving innovation in mobility and

SIERRA LEONE BACKGROUND In Sierra Leone, darkness can mean the difference between life and death. A staggering facility's capacity to a total installed solar capacity of 54kWp with 105kWh of lithium battery storage. Additionally, they provided ongoing operations and maintenance after installation.

We are at the forefront of the clean energy transition, driving innovation in mobility

Elektros announced the commencement of initial shipments of raw lithium aggregate from its Sierra Leone mining site. This significant operational milestone marks the first step in the Company's strategic supply chain for lithium, with initial truckloads of unprocessed lithium aggregate now en route from the Southern Sierra Leone site to the city of Bo.

According to a recent industry report, the global lithium-ion battery market is expected to reach \$116.6 billion by 2030, growing at a CAGR of 18.0% from 2021 to 2030. Sierra Leone has emerged as an attractive destination for lithium mining due to its investor-friendly policies and abundant natural resources.
