Das Blockchain-basierte Consulting- und Energie-Start-up LO3 Energy kooperiert seit 2015 mit dem Konzern Siemens. Das Projekt fokussiert sich auf Microgrids, das heisst lokale autarke Stromnetze. Eines der ersten Projekte ist Brooklyn-Microgrid, ein auf nachhaltige Energienutzung ausgelegtes Netzwerk, bei dem eine lokale Wahl des ???

LO3 Energy is an energy company with a focus on decentralized business models and technologies related to energy, cleantech, and currency systems. It builds tools and develops projects to support and accelerate the proliferation of distributed energy, utilities, and computation. The company provides Exergy, a blockchain-based distributed ledger

LO3 Energy, a Brooklyn, NY based company, is building a blockchain-based platform to enable decentralized business models and innovative technologies related to energy, cleantech and utility systems. The LO3 team has deep expertise in design, architecture, development, prototyping, and testing of cutting-edge distributed energy, computing and

Blockchain pioneer LO3 Energy has announced updates to its Pando energy marketplace and migrated it onto the Energy Web Chain platform. Pando is a blockchain solution for utilities to create local energy marketplaces for customers and enable them to trade energy or energy attributes such as renewable energy credits.

LO3 Energy CEO Lawrence Orsini said: "The need to reduce carbon emissions is exerting a profound impact on energy providers worldwide. "Using distributed ledger technologies, our networks enable the micro energy transactions needed to meet this challenge. We believe the synergies between Kyocera and LO3 Energy will produce a new generation

"With a functioning proof-of-concept in Brooklyn, Series A investments from leading energy investors, and groundbreaking conversations happening around the world, LO3 Energy is poised to disrupt

LO3 Energy fits right in that space," said Kirk Coburn, investment director for Shell Ventures. For Sumitomo ??? a Fortune 500 company ??? the investment in LO3 comes as a logical step amid the

Yesterday LO3 Energy announced the first close of its \$11 million Series B led by existing investor Shell Ventures. The funding will be used to further develop Pando, the solution that uses blockchain to create a community renewable energy marketplace for distributed energy resources (DERs) such as solar panels.. A new investor is Japan's Shikoku Electric ???

L'Energy Club ?s un complex d'entreteniment situat al centre d'Andorra, a poca dist?ncia del principal carrer comercial, VIVAND, prop del centre Spa Wellness Caldea, i de nombrosos hotels. Per a la seva comoditat, al costat del nostre club tenim tres p?rquings, a m?s el p?rquing soterrani m?s gran d'Andorra.
