

What is LONGi 'Solar for solar' development model?

LONGi had put forward the 'Solar for Solar' development model. When it is creating low-cost clean energy for the world, it is practicing the concept of clean and green manufacturing. Since 2015, LONGi is starting to deploy its operations in Yunnan of China, and Kuching in Malaysia to utilize rich local hydropower resources to produce clean energies.

What services does Longi Green Energy offer?

LONGi Green Energy offers services such as technical consultation, after-sales services, and contract energy management services. The company serves commercial, residential and utility-scale solar power plants, and other manufacturing industries. Its manufacturing units are located in China, Vietnam and Malaysia.

Who are the directors of LONGi Solar Technology (India) Private Limited?

The directors of Longi Solar Technology (India) Private Limited are Baoshen Zhong and Madhur Pradeep Kumar. The current status of Longi Solar Technology (India) Private Limited is - Active.

What types of PV modules does Longi Green Energy offer?

Its PV modules comprise Hi-MO 5, Hi-MO 4, and Hi-MO 4m. LONGi Green Energy offers services such as technical consultation, after-sales services, and contract energy management services.

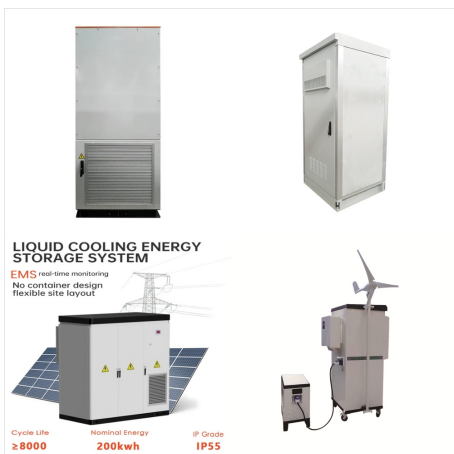

How much money did Longi make in the first three Q?

The report shows that the company achieved a revenue of CNY 58.593 billion in the first three q. The LONGi team is committed to providing innovative products and solutions that help make the world a healthier, safer and more sustainable place.
