

What is luminous solar inverter?

Luminous is a brand that offers a range of solar products, including solar inverters. A hybrid solar inverter is a type of inverter that can convert DC power generated from solar panels into AC power to be used in the home or business, as well as charge a battery bank for backup power during periods of low or no sunlight.

What is luminous 5.5kva solar inverter?

Luminous 5.5kVA solar inverter is a Combo of Cruze 5.5kVA UPS & Shine 9650 solar retrofit. This combo of Cruze 5.5kVA UPS & Shine 9650 solar retrofit is manufactured by using quality materials by Luminous solar. Therefore, Luminous 5.5 kVA inverter is well known premium quality solar product in the market.

What is luminous 3KW on grid inverter?

Luminous 3kW on grid inverter is a powerful inverter that converts DC electricity into AC electricity efficiently. This type of solar inverters are also known as on grid solar inverter which can work without battery.

Where to buy luminous inverter?

LUMINOUS offers a vast portfolio of inverter products comprising High capacity inverter, Connected inverters, fast charging inverters and inverters with LCD screen at an affordable price positioning, suitable for all type of application areas. You can buy LUMINOUS inverters online from LUMINOUS e-shop or online portals like Amazon and Flipkart.

What is luminous hybrid inverter?

Luminous Hybrid Inverter range is a combination of an on-grid inverter and off-grid inverter making it more versatile than other solar inverters helping in lowering your electricity bills and protecting from power outages.

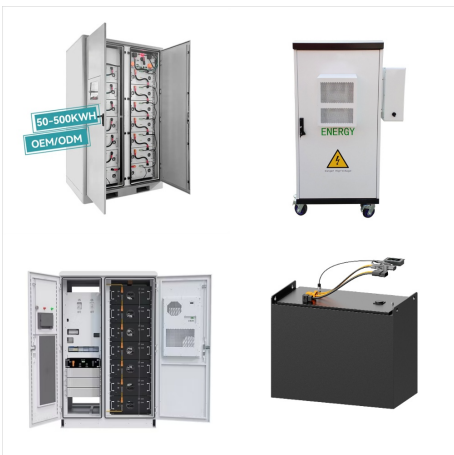

How luminous solar inverter can save you money?

The savings on your electricity bill is proportional to the capacity of the solar panel installed along with Luminous solar inverter. In a tropical country like India, we get an average of 4-5 hours good sunlight for about 300 days in a year. A 1000Wp panel, will generate about 4-5 units per day on a sunny day.
