What is Lumio & how does it work?

Based in Lehi, UT, Lumio aims to provide consumers with the easiest and most user-friendly renewable energy system. Lumio was created when solar energy leaders Greg Butterfield and Jonathan Gibbs saw "an opportunity to fully automate the solar education process and transaction process online," says Gibbs in an interview with TechBuzz.

Is Lumio a real company?

Yes, Lumio is a real company that was founded in 2013 by Max Gunawan. It is a design studio and manufacturer of modern lighting solutions. The company's mission is to create simple, beautiful and functional products that improve the way people live and work.

Where did Lumio come from?

Unlike other renewable energy industry leaders, Lumio began in the neighborhoods and communities where our customers live. Our founders started out as local small business owners and employed their friends and family--literally walking the streets from home to home to share the benefits of residential solar. With local roots

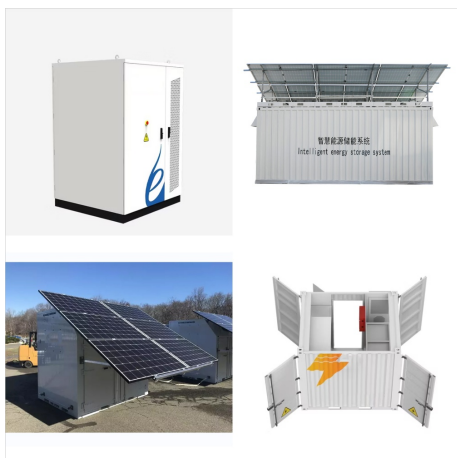

At Lumio, we know that bad strategy is making no choice, leaving progress and outcomes up to others. Good strategy is often choosing a defined pathway that leads to success, but is not flexible. Great strategy, however, manifests through maintaining an interdependence of choice between your vision and the internal and external influences on

The company lost points in this category because it doesn't provide EV chargers, solar roof installation services, energy audits, and roof repairs. Warranty and Performance Guarantees (25 out of 25 points): The company features excellent warranty perks with 25 years on labor, products, and performance. It also includes roof leak protection.

Lumio is different. While small, regional solar companies require lots of capital to stay afloat and big solar companies don't know the intricacies of your specific city and utility company, our advantage is competitive pricing AND regional expertise.
