

What is lundsby renewable solutions?

Lundsby Renewable Solutions is more than just a name. It is our promise that - together with you - we will make both ends of green transition meet and contribute to a future, where more will live in a greener way on our blue planet. A future, where we turn natural resources into sustainable energy. And this future...is right now!

Why did lundsby renewable solutions change its name?

In 2022, the name changed into Lundsby Renewable Solutions, one of the reasons being the intention of exploiting the company's international potential to the maximum. Lundsby has more than 25 years of experience with designing and building turnkey biogas plants.

Does lundsby provide a biogas plant?

Lundsby always delivers a thoroughly tested and commissioned biogas plant, as well as the associated proper training of the operating staff. We offer ongoing support, until the operating manager feels confident regarding both the technical and biological part of the biogas plant.

How can lundsby help you in the green transition?

If you wish to play an active role in the green transition by using biomass from agriculture, households, industry, etc., we help you make all ends meet and turn the idea into reality. Lundsby has more than 25 years of experience with developing and providing efficient biogas plants.

Lundsby Renewable Solutions A/S har underskrevet en EPC-kontrakt vedr. design og konstruktion af et 133 GWh biogasanlæg i Borlönge, Sverige for energivirkomheden Gasum. Anlægget vil, ved fuld kapacitet, omdanne cirka 300.000 tons grønt, bæredygtigt råmateriale ??? landbrugs- og industrielt organisk affald ??? til cirka 12 mio.
