

Who is Merlin power?

Merlin Power has over 30+years experience in the design and manufacture of market-leading battery monitoring and electrical power management systems. Based in Exeter,UK,our products are increasingly utilised on applications ranging from the World's best-known and most widely fielded military land platforms,to luxury yacht-builders.

Why should you choose Merlin power?

This commitment ensures that every aspect of your electrical system, down to each component within it, achieves peak performance. Merlin Power has over 30+ years of experience in the design, manufacture, and supply of market-leading batteries, battery monitors and electrical power management systems.

Why should you use Merlin's hybrid power solutions?

Explore the advantages of Merlin's hybrid-power solutions for remote oil and gas fuel pumps and wellheads. Depend on our power monitoring and management solutions to keep you running 24/7/365 - even when lives depend on it. Discover how our fuel cells provide telecom towers with back-up power in outages, emergencies, or natural disasters.
