Does M-Kopa offer pay-as-you-go solar?

It has been more than ten years since M-KOPA pioneered and launched the pay-as-you-go (PAYG) solar market in its broadest sense. The M-Kopa solar system serves as the heart of the home, providing power for lights, charging, radios, televisions, and refrigerators. Some of the solar options available are described below.

What is M-Kopa?

M-Kopa is a Kenyan solar energy company that offers pay-as-you-go solar home systems. Payments for these systems are collected in small amounts using mobile money or digital payments. According to the company, part of their business model is to offset the dangerous use of kerosene (paraffin) lamps to light homes that are off electric grids.

Why should you choose M-kopa Solar?

M-KOPA Solar is a great choice for those planning a visit to their upcountry home without a national grid electricity connection. It is efficient, reliable, and affordable, with daily payments of small amounts making it possible to have power in your house.
