

Where MNRE issued benchmark cost 2020-21 for solar power plants?

MNRE issued the benchmark cost 2020-21 for solar power plants and equipments on 21 July 2020.

What does MNRE stand for?

The Ministry of New and Renewable Energy(MNRE) has issued a order notifying the latest benchmark costs for the installation of new grid-connected rooftop solar PV systems for the financial year 22.

What happens if a vendor is rejected by MNRE?

vendors are liable to be rejected. Further,MNRE may take punitive action against such vendors including blacklisting and/or debarment from further participation in the program.Mandatory Conditions: For availing CFA/subsidy through the National Po

The new benchmark cost for solarization of grid-connected agriculture pumps applies to general category states, northeastern and hilly states, islands, and UTs. The capacities are divided into four sub-groups ??? 1 kW to 3 kW; 3 kW to 6 kW; 6 kW to 10 kW; and 10 kW to 15 kW. The MNRE also recently issued benchmark costs for grid-connected

MNRE Benchmark Cost 2020-21: Grid Connected Rooftop Solar Power Plant. Capacity: States other than Special Category(Rs/Wp) Special Category States (Rs/Wp) 1 KWp: 47: 52: Above 1 KWp ??? 2

The Ministry of New and Renewable Energy has reduced the benchmark costs, excluding the Goods and Services Tax (GST), for grid-connected rooftop solar photovoltaic (PV) projects for the financial year (FY) 2021-22. The revised benchmark costs for general category states vary from ???35.89 (~\$0.48)/W to ???46.92 (~\$0.62)/W (for capacities up to 500 kW).

The recently authorized benchmark cost for grid-connected residential rooftop solar systems of 1 kW to 3 kW in size is Rs 50,000/kW, and for projects larger than 3 kW and up to 10 kW, it is Rs 48,600/kW. The cost considered for projects of 10 kW to 100 kW is Rs 45,000/kW, while the cost for projects over 100 kW and up to 500 kW is Rs 42,000/kW.

The Ministry of New and Renewable Energy (MNRE) has notified benchmark costs for grid-connected rooftop solar systems for 2021-22. For system capacities of 10 kW-100 kW, the benchmark cost for rooftop solar installations in states other than special category states is Rs 41.64/W, a 9.6 per cent increase over the previous year.

MNRE has stated that the applicable GST rates may be added to the benchmark costs for the purpose of central financial assistance (CFA). For MNRE CFA, applicable GST rates may be added to these benchmark costs. Accordingly, the undersigned is directed to convey the approval of competent authority for issuing the amended benchmark costs, without
