Monarchy - Power, Hereditary, Sovereignty: During the Middle Ages, European monarchies underwent a process of evolution and transformation. Traditions of theocratic kingship, which were based on Roman and Christian precedents, emerged in the early centuries of the period, leading kings to assume their status as God's representatives on earth. Early a?|

Monarchy. Monarchy is a form of government where a hereditary leader, such as a king or queen, holds power. There are different types of monarchies, including absolute, constitutional, and ceremonial. In an absolute monarchy, the monarch has complete control over the government. They make decisions without any checks or balances, and their power is not a?|
