 Power Plant Master Plan Online Survey Morro Bay
 Power Plant Master Plan Community Survey
 Summary The City of Morro Bay is currently in the
 process of creating a Master Plan for the 107-acre
 Power Plant property, which can be seen in Figure 1
 below.

Texas-based energy company Vistra Corp. applied
 to the city to build a battery storage project on the
 retired Morro Bay Power Plant property. The facility
 would either house batteries in three Costco
 -warehouse-sized ???

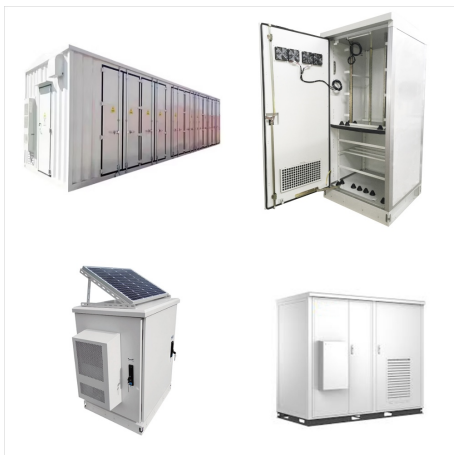

Morro Bay's hotly contested Measure A-24 was
 poised to pass on Tuesday night, according to the
 final ballot count report of the evening. If passed,
 the ballot measure would freeze the land use

The Morro Bay Energy Storage Facility would be
used to absorb excess renewable generation,
mainly solar, and put it on to the grid at times when
it was most needed. The project would "revitalise"
an existing natural gas power plant site, occupying
22 acres of the 107 acre complex with roughly
180,000 lithium-ion batteries housed in three

Morro Bay may temporarily block new battery
energy storage facilities starting next year. On
Tuesday, the Morro Bay City Council voted 4-0 to
direct staff to develop an urgency ordinance to
pause

MORRO BAY BATTERY ENERGY STORAGE SYSTEM ISRAEL

An artist's rendering shows Vistra Energy's proposed 200-megawatt battery storage facility in Morro Bay. It would be located behind the company's mothballed Morro Bay power plant and next to

The decision would pause project approvals for up to two years, allowing the city time to craft a permanent ordinance specifically targeting battery energy storage systems. This comes as Vistra, a Texas company, moves ahead with plans for a facility at the old Morro Bay Power Plant.

The City of Morro Bay has completed the Draft Environmental Impact Report (EIR) for the proposed Morro Bay Battery Energy Storage System Project. The Draft EIR found several environmental impacts to be less than significant with mitigation incorporated, or less than significant impacts without the need for mitigation.

MORRO BAY BATTERY ENERGY STORAGE SYSTEM ISRAEL

Battery storage devices are said to have been safely deployed in various circumstances and products. Vistra's Battery Energy Storage System (BESS) project will include comprehensive safety systems designed specifically to address fire incidents and other safety concerns. "The City of Morro Bay is preparing an Environmental Impact Report

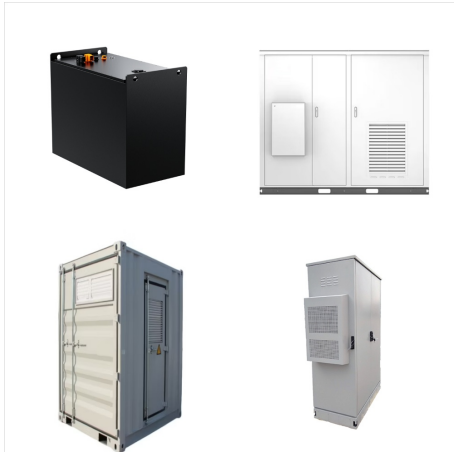

By KAREN VELIE Plans to transform the Morro Bay Power Plant property into a massive battery storage facility are in peril with the California Coastal Commission now critical of the project. Vistra,???

The Morro Bay City Council on Tuesday voted 4-0 to direct staff to construct an urgency ordinance on a potential Battery Energy Storage Systems (BESS) project, with Councilwoman Jen Ford recusing
