O you wanderer of my boundless sky. With the blood of my heart I have beautified your feet My evening dreams are full of you I have coloured your lips with poison and honey Mixing with my joys and sorrows You are mine, you are mine You have filled my lonely being. I have coloured your eyes with collyrium Made of the fancies of my love You

What's In The Night Sky Tonight From My Location?
There are a lot of variables at play in working out what might be above you in the night sky tonight (and at what time and direction). The easiest way is therefore to use a digital platform (website or mobile app) that takes into account your location and date and provides a picture of the

The Sky at Night is a documentary television programme on astronomy produced by the BBC. The show had the same permanent presenter, Sir Patrick Moore, from its first monthly broadcast on 24 April 1957 until 7 January 2013. The latter date was a posthumous broadcast, following Moore's death [1] on 9 December 2012. This made it the longest-running programme with the same ???
